

Society for Free Radical Research - Europe

Winter Seminar Series 2020-21

As part of the Society for Free Radical Research – Europe outreach activities, we cordially invite you to participate in the upcoming Winter Seminar Series 2020-21 exploring the multifaceted scientific interests in redox research.

Each seminar will bring two speakers together, offering their perspectives on a specific research question.

Talks take place every two weeks, on Thursday, at 1.00 pm (CET) on ZOOM platform.

The Seminars are coordinated by Prof. Michael J. Davies and Prof. Daniela Caporossi.

December 2020

3 December: Redox signaling in tissue ageing

<https://ucph-ku.zoom.us/j/66280043535?pwd=a3BITzNzZGZXNWISa0RkSHhFNXV1Zz09>

Meeting ID: 662 8004 3535 Passcode: 097027

1.00 p.m.: Prof Malcolm J. Jackson (Univ. Liverpool, UK)

‘Redox interventions in musculoskeletal aging’

1.30 p.m.: Prof Giuseppe Valacchi (Univ. Ferrara, Italy)

“Pollution involvement in extrinsic skin aging”

2.00 – 2.15 p.m.: Question time

17 December: Redox dysregulation in inflammatory diseases

<https://ucph-ku.zoom.us/j/61984642445?pwd=SmdRTjBDc3Bzd2pPeXMxUHk5NGRqZz09>

Meeting ID: 619 8464 2445 Passcode: 271527

1.00 p.m.: Prof Juan Sastre (Univ. Valencia, Spain)

“Nuclear Factor Kappa B signaling complexes in acute pancreatitis”

1.30 p.m.: Prof Francesco Galli (Univ. Perugia, Italy)

‘Lipidomic biomarkers and mechanisms of lipotoxicity in non-alcoholic fatty liver disease’

2.00 – 2.15 p.m.: Question time
