

Impact of neglected diseases in Europe and the rest of the World

Prof Claudio Salomon
Department of Pharmacy, Faculty of
Biochemical and Pharmaceutical
Sciences, National University of
Rosario, Rosario, Argentina

Location classroom C, via del Liceo 1, PG and online

Team Platform link: <https://rb.gy/y85ndp>

Timetable April 9th 2024 – 09.30-12.30 a.m

The course will be in English

Drug Design and Discovery; Preclinical and Clinical Phases

Prof Claudio Salomon
Department of Pharmacy, Faculty of
Biochemical and Pharmaceutical
Sciences, National University of
Rosario, Rosario, Argentina

Location classroom C, via del Liceo 1, PG and online

Team Platform link: <https://rb.gy/y85ndp>

Timetable April 11th 2024 – 02.30-4.30 p.m

The course will be in English

Biopharmaceutical Classification System, Drug Properties, Solubility, Co-solvency, Case Study

Prof Claudio Salomon

Department of Pharmacy, Faculty of
Biochemical and Pharmaceutical
Sciences, National University of
Rosario, Rosario, Argentina

Location classroom A, via del Liceo 1, PG and online

Team Platform link: <https://rb.gy/y85ndp>

Timetable April 12th 2024 – 09.30-12.30 a.m

The course will be in English

Current drug delivery systems to improve treatment outcome: Cyclodextrins, Case studies

Prof Claudio Salomon

Department of Pharmacy, Faculty of
Biochemical and Pharmaceutical
Sciences, National University of
Rosario, Rosario, Argentina

Location classroom C, via del Liceo 1, PG and online

Team Platform link: <https://rb.gy/y85ndp>

Timetable April 15th 2024 – 11.30-13.30 a.m

The course will be in English

Current drug delivery systems to improve treatment
outcome: microencapsulation, polymers,
methodologies, microparticles, microcapsules, Case
studies

Prof Claudio Salomon
Department of Pharmacy, Faculty of
Biochemical and Pharmaceutical
Sciences, National University of
Rosario, Rosario, Argentina

Location classroom C, via del Liceo 1, PG and online

Team Platform link: <https://rb.gy/y85ndp>

Timetable April 16th 2024 – 09.30-11.30 a.m

The course will be in English

Current drug delivery systems to improve treatment
outcome: nanoencapsulation, nanoparticles,
nanocrystals, methods, Case studies

Prof Claudio Salomon
Department of Pharmacy, Faculty of Biochemical
and Pharmaceutical Sciences, National University
of Rosario, Rosario, Argentina

Location classroom C, via del Liceo 1, PG and online

Team Platform link: <https://rb.gy/y85ndp>

Timetable April 17th 2024 – 09.30-11.30 a.m

The course will be in English

Group discussions 1

Prof Claudio Salomon
Department of Pharmacy, Faculty of
Biochemical and Pharmaceutical
Sciences, National University of
Rosario, Rosario, Argentina

Location classroom C, via del Liceo 1, PG and online

Team Platform link: <https://rb.gy/y85ndp>

Timetable April 18th 2024 – 02.30-4.30 p.m

The course will be in English

Group discussions 2

Prof Claudio Salomon
Department of Pharmacy, Faculty of
Biochemical and Pharmaceutical
Sciences, National University of
Rosario, Rosario, Argentina

Location classroom A, via del Liceo 1, PG and online

Team Platform link: <https://rb.gy/y85ndp>

Timetable April 19th 2024 – 09.30-11.30 p.m

The course will be in English
